(4) RECOMMENDATIONS VIEW

Common Elements

- *Consistent headers*
- *Clear section spacing*
- *Numbered options*
- *Input prompts*
- *Navigation controls*
- *Status messages*
- *Back/exit options*
- *Help text placement*

Paper prototype - *Main Menu*

Paper prototype - (1) Main Menu
All the details

```
+-----+
|  MOVIE FINDER v1.0  |
+-----+
| Welcome! This program helps |
| you discover movies you'll love |
|
| MAIN MENU
| 1. Search Movies
| Find specific movies by
| title
| 2. Get Recommendations
| Discover movies based on
| your interests
| 3. Exit
|
| Enter your choice (1-3): _ |
+-----+
```

Paper prototype - *Search movies*

Paper prototype - (2) Search Movies
All the details

MOVIE SEARCH
Enter movie title: _
Results:
1. The Lord of the Rings: The Return of the King Adventure Epic Rating: 9.0
2. Inception Sci-Fi/Action Rating: 8.8
Select (1-2) or 'b' back: _

Paper prototype - *Movie Details*

Paper prototype - (3) Movie Details
All the details

MOVIE DETAILS
Title: <i>The Lord of the Rings: The Return of the King</i>
Year: <i>2003</i>
Genre: <i>Adventure Epic</i>
Rating: <i>9.0/10</i>
Plot: <i>The final battle for Middle-Earth begins...</i>
Options: 'b' - Back 'm' - Main Menu

Paper prototype - *Recommendations*

Paper prototype - (4) Recommendations
All the details

+-----+	
	RECOMMENDATIONS
	Based on your interests:
	1. Avengers: Endgame (2019)
	Action/Superhero Rating: 8.4
	2. The Dark Knight (2008)
	Action/Drama Rating: 9.0
	Select (1-2) or 'b' back: _
	Note: Recommendations improve
	as you view more movies!
+-----+	

Inclusivity Heuristics Justifications - IH#1

Explain (to Users) the Benefits of Using New and Existing Features

+-----+	
<i>MOVIE FINDER v1.0</i>	
+-----+	
<i>Welcome! This program helps</i> <i>you discover movies you'll love</i>	<- A. Welcome message explains overall benefit
<i>MAIN MENU</i>	
1. Search Movies	<- B. Each option shows its specific benefit
Find specific movies by	
title	
2. Get Recommendations	<- C. Clear value portrayed for recommendations
Discover movies based on	
your interests	
3. Exit	
<i>Tips:</i>	<- D. Progressive benefit explanation
- Recommendations improve as	
you view more movies	
+-----+	

Benefits:

- A. Welcome message tells you what the program does*
- B. Each menu option says what it does*
- C. Shows how recommendations help you*
- D. Tips show how things get better as you use it*

Inclusivity Heuristics Justifications - IH#2

Explain (to Users) the Costs of Using New and Existing Features

+-----+	
<i>MOVIE SEARCH</i>	
<i>Enter movie title: Interstellar</i>	<- A. Clear action header
<i>Searching...</i>	<- B. Processing indicator
<i>This may take a few seconds</i>	<- C. Time cost explanation
<i>Results will appear below</i>	<- D. Clear expectations set
<i>when search completes</i>	
+-----+	

Tells you what to expect:

- A. Shows what's happening*
- B. Lets you know when it's working*
- C. Tells you how long things take*
- D. Says when it will finish*

Inclusivity Heuristics Justifications - IH#3

Let Users Gather as Much Information as They Want, and No More Than They Want

+-----+	
MOVIE DETAILS	<- A. Basic info shown first
Title: Gladiator	
Year: 2000 Rating: 8.5/10	
[Press 'd' for full details]	<- B. Option for full details
[Press 'p' for plot summary]	<- C. Different detail levels
[Press 'b' to go back]	
Choose your level of detail	<- D. User control message
+-----+	

Choose how much to see:

A. Basic info shows up first

B. More details when you want them

C. Different ways to see more

D. You pick how much to view

Inclusivity Heuristics Justifications - IH#4

Keep Familiar Features Available

+-----+	
<i>MOVIE FINDER - Navigation</i>	<- A. Standard header
<i>Common controls:</i>	<- B. Familiar CLI controls
- <i>Numbers (1-3) to select</i>	
- <i>'b' to go back</i>	
- <i>Enter to confirm</i>	
<i>Just like other text programs</i>	<- C. Familiarity reference
<i>you may have used before</i>	
+-----+	

Works like other programs:

A. Layout you know

B. Keys you're used to

C. Feels familiar

Inclusivity Heuristics Justifications - IH#5

Make Undo/Redo and Backtracking Available

+-----+	
MOVIE DETAILS	<- A. Clear section header
Navigation options:	<- B. Multiple navigation choices
'b' - Return to search	
'm' - Return to main menu	
'x' - Exit program	<- C. Emergency exit
You can always go back or	<- D. Reassuring message
start over	
+-----+	

Easy to go back:

- A. Shows how to move around*
- B. Many ways to go back*
- C. Quick way out*
- D. Won't get stuck*

Inclusivity Heuristics Justifications - IH#6

Provide an Explicit Path through the Task

+-----+	
<i>MOVIE SEARCH - Step by Step</i>	<- A. Clear task header
1. Enter movie title	<- B. Numbered steps in sequence
2. Wait for results	
3. Select movie number	
4. View details	
Clear instructions at each	<- C. Guidance
step guide you along	
+-----+	

Clear steps:

- A. Shows what to do
- B. Numbers each step
- C. Helps you along

Inclusivity Heuristics Justifications - IH#7

Provide Ways to Try Out Different Approaches

+-----+	
FIND MOVIES YOUR WAY	<- A. Header enabling the user
Multiple options:	<- B. Various approaches listed clearly
- Search by title	
- Browse recommendations	
- Filter by genre	
- Sort by rating	
Choose what works for you	<- C. Encourages personal choice
+-----+	

Find movies your way:

A. You pick how to search

B. Multiple options to search

C. Use what works for you (the user)

Inclusivity Heuristics Justifications - IH#8

Encourage Tinkerers to Tinker Mindfully

+-----+	
<i>TIPS & FEATURES</i>	<- A. Exploration section for tinkerers
- Try different searches	<- B. Suggested ways to tinker
- Explore genres	
- Rate movies you watch	
- Get better recommendations	
Safe to explore - you can	<- C. Safety reassurance
always go back!	
+-----+	

Safely try things out:

A. Shows what you can do

B. Safe ways to explore

C. Can always go back
